斯是中華民族五千年來最光樂的 斯是中華民族五千年來最光樂的 以至十年,在未來的中國歷史上, 强人,而且環準備再戰兩年,五年 已往兩年中證明是一個愈戰愈勇的,被視為不足一擊的中國,不但在蘆溝橋事變,已經整整的過了兩年 蘆溝橋正是中國走上復與大道的標

For two years the world has been the witness of a wildfire burning and spreading fiercely and steadily in the Far East, reducing millions of Chinese homes into ashes and ruins and reflecting its light even in the skies of distant lands. The severe fighting of the past 24 months has neither shattered China's determination to resist nor broken down her capacity for resistance. However that may be, this famous bridge, Lukouchiao, will go down in Chinese history for this historical event.

LUKOUCHIAO:

BIRTHPLACE OF TWO-YEAR OLD SINO-JAPANESE WAR

BLOCKADED

On June 14, the Japanese Army in Tientsin imposed a virtual blockade on the British and French Concessions in that city in retaliation against a British refusal to hand over four Chinese allegedly implicated in the assassination of Chang Hsi-hou. Japanese-special descriptions of the Tientsin branch of the appointed manager of the Tientsin branch of the Federal Reserve Bank, who was shot dead in a cinema in the British Concession on April 9. A conference will be held in Tokyo to discuss the differences. Whatever form the Japanese demands may take a change of venue from Tientsin to Tokyo is evidente that the statesmen in charge of Japan's foreing policy desire a peaceful, rational settlement.
